

[illegible]

- 2 She found a Facebook ad offering projectors at extremely low prices with an additional 65% discount.
- 3 Interested, she contacted the seller via WhatsApp, who urged her to make immediate payment due to 'fast-selling stock.'
- 4 She transferred **RM25,989** to the seller's account for the initial purchase.
- 5 The seller then offered more discounted accessories, leading her to make a second payment of **RM14,661**.
- 6 With a promise of delivery within 3 working days, the victim was requested to pay another **RM350** for delivery charges.
- 7 After no response post-delivery date and checking with colleagues, she realised it was a scam, losing a total of **RM41,700**.

The product price or discount seems too good to be true compared

Scammers create urgency by claiming limited stock or time-sensitive offers

Fake websites may have no reviews, or only overly positive and generic ones.

no HTTPS security, and limited product or company details.

no HTTPS security, and limited product or company details.

HOW TO AVOID BEING A VICTIM?

- Be cautious of prices that seem too good to be true.
- Avoid sellers who use pressure tactics, such as claiming limited stock.
- Always check testimonials or reviews on the seller's profile before making a purchase.
- Purchase only from authorised sellers or reputable websites.
- Do not make any payments if you are asked to transfer to a personal account instead of a company account.

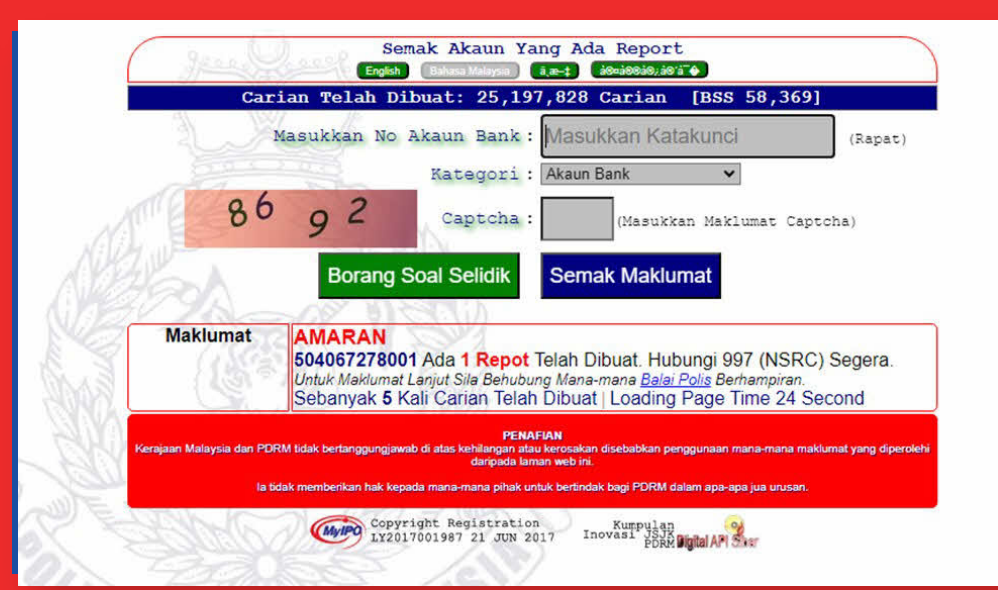

Verify the legitimacy of the recipient's account number by checking it on **Semak Mule PDRM**.
